H. H. BLACK,

Office and Laboratory, No. 10, Alder street, Four Doors from Front, Portland, Ogn.

HAVING secured the services of Dr. C. H. MACK, formerly of New York city, and late of St. Louis, who is an experienced and skillful Dentist, I am now prepared to manufacture and insert Artificial Teeth by the following methods, namely: GOLD, SILVER, RUBBER, AMBER, PORCELAIN BASE, GUM ENAMEL, RUBBER ATTACHMENT, CHEOLITE, CONTINUOUS GUM, MICA and ENAMELED PLATE WORK. Some kinds of this work is recommended above all others and needs but an inspection to prove its superiority for cleanliness, durability and life-like appearance to any artificial teeth in use.

Filling and cleaning teeth, and all operations in *Dental Surgery*, either *mechanical, operative* or *surgical*, performed in the most thorough and highly finished manner. None but the most permanent and finished operations performed, and no inducements to patients by low priced or roughly finished operations. I use no *cement* in filling teeth, and seek in price to make no competition with *cheap* Dentists; and desire the patronage of such persons only as wish their operations performed in the most *perfect* and *skillful manner*.

Operations that fail to give satisfaction need not be taken or paid for. Office hours from 9 A. M. to 4 P. M. Indigent persons who are unable to pay full professional charges will call before and after office hours. feb6dtf

WEDNESDAY MORNING, MAR 10, 1863

Pacific City and Other Humbugs

Every now and then a foolish mania seems to get into the idle heads of the unfortunate owners of, or residents, at some of the desolate and woe stricken localities along the Columbia river, prompting them to build a rival to Portland. Sometimes Vancouver will be the place, then St. Helens, next Astoria—but now the tide runs towards Pacific City The *Mountaineer* barks like a happy dog with a new found bone, not knowing that it is as old as his wit and as dry and dead as his patriotism. The juice was all extracted more than ten years ago, when it swallowed up the fortunes of several of our neighbors who gave the project a fair trial and abandoned it as hopeless. The *Astoria* editor of the *Argus* chimes in with the other bow-wow, only he don't want to go to Pacific city, but will make our rival where the hired Custom House is, and around his own dwelling, which we are glad that in these greenback times he has been able to build. With both it is an awful thing that vessels and steamers will insist on coming to Portland, just because the business of the city demands it, and they therefore propose to remove the business, and of course stop the ships where they can fasten the trade — The *Argus* man writes as though he really thought there was some prospect of this, and as if our citizens actually feared some such catastrophe. But he need not trouble himself, or interrupt his onerous public and official duties by speculating on the decline of Portland, and the transfer of its prosperity to the mouth of the Columbia. That, perhaps, might have been accomplished once, but the opportunity was not improved, and it is now too late. Neither he nor Dr. White, nor as many men as would reach from Astoria to Pacific City, though all were equal to them in industry, enterprise and fertile imaginations, can in the slightest degree obstruct the passage of trade right along by their doors, while they stand murmuring and refusing to be comforted. The foundations of this city are firmly planted on the bed rock, and cannot be affected by the rumors, and schemes and speculations of a regiment of salt water jobbers and functionaries, who would be wiser if they attended to their own affairs and stopped lying about our facilities for business.

OUR TELEGRAPH DESPATCHES this morning are full of interesting items, which our readers will observe. The organization of the new Territory of Idaho, composed of portions of Washington and Utah, will gratify some of its citizens, while others will be smitten with intense disgust. We hope its officers will be honest and sensible men—not selected, as has too often been the case, merely for political reasons, among the hangers-on about the White House, but from the qualified citizens, if possible, of the Territory itself It is also stated that the President has convened an extra session of the Senate, for Executive business, to meet on the 5th of March. The war news is not encouraging, except so far as it shows the admirable temper of the troops towards their new General, and that there is a rumor of a successful attack on one of the Forts near Savannah.

STEAMER "SPRAY."—We have it from a reliable source that the Oregon Steam Navigation Company have purchased the steamer *Spray*, on the upper Columbia and Snake River trade, and intend to employ her in connection with their other steamers on the line to Boise River. The *Spray*, being a boat of light draught and heavy power, has already demonstrated the possibility of navigating Snake River from Lewiston to within a short distance of Fort Boise, and by the connection of this boat with their line at Lewiston, the O. S. N. Co. evince a determination to push their steamboat enterprise as far towards the end of the gold discoveries in that region as it is possible for vessels propelled by steam to go.

THE IMPORTANCE OF ONE MILE —By constructing a canal about three-fourths of a mile in length, from Big Stone Lake Traver, steam boats from St. Paul could navigate both the Minnesota River and the Red River of the North, to Lake Winnepeg, a distance of 700 miles. The country traversed by these rivers is surpassingly fertile, and capable of supporting a dense population Lake Winnepeg is larger than Lake Ontario, and receives the Saskatchawan river from the West The Saskatchawan is navigable to a point (Edmondton House) near the Rocky Mountains, 700 miles west of Lake Winnepeg, and only one hundred and fifty miles east of the celebrated gold diggings on Frazer river, in British Columbia.

The digging of that one mile of canal would therefore enable a steamboat at New Orleans to pass into Lake Winnipeg, and from thence to Edmondton House, some 5,000 miles A bill has been introduced into the Senate which makes a provision for building the canal

Probably in the world there cannot be found a spot across which the digging of so short a canal would effect a result so prodigious And what is almost equally remarkable, the ground between the two lakes is so low and so level that it is said the water flows in times of freshets from one to the other.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

LATER FROM THE EAST.

Dates to March 4th.

NEW YORK, March 2 —Exchange 188, gold 71 Advices from Guatemala state that that State has declared war against San Salvador

WASHINGTON, March 2 —Advices received here state that nearly 100 Union cavalry were captured near Winchester Va on Thursday.

WHEELING, Va March 2 —On the 26th ult, rebel cavalry scouts 80 strong, came in side of our pickets on the Strasburg road. After a skirmish with infantry pickets in which two were wounded they came back capturing a cavalry picket of 12 men Five hundred of the 17th Penn cavalry were sent in pursuit They recaptured most of the prisoners and took some prisoners The commander of our detachment transcended his orders and pursued beyond Woodstock After driving the rebel pickets he stood parleying in the road without guarding the enemy returned in force charged them with confusion and killed and captured 200 men In the flight of twenty miles our men made no stand, though outnumbering the enemy

WASHINGTON, March 2 —The President has issued a proclamation calling an extra session of the Senate on the 4th of March, to receive and act on communications he may make

NEW YORK, March 2 —The *Times'* special from Washington says the rebels on the Rappahannock have for two days refused to hold communication with our troops under a flag of truce The Senate will be convened in executive session after the adjournment of Congress for the purpose mainly of considering the nominations made by the President which cannot be reached till after the 4th of March The correspondent of the *Times* with the Army of the Potomac says the army to-day is as eager to follow its new commander as it was to follow McClellan The *Times* has a private letter from Port Royal which makes the following statement Gen Foster, just before he went North took a Captain and thirty men and made a reconnoissance They entered Bull's Bay, North of Charleston, and from thence to within view of Fort Sumpter, approaching so near that the officers on the parapet could be plainly seen, and then returned unharmed

WASHINGTON, March 2 —Dispatches received from Gen Grant have given much encouragement to the President and Secretary of War. He asks only four or five days good weather to complete his arrangements Admiral Porter telegraphs to Secretary Welles as follows: I regret to inform you that the *Indianola* has also fallen into the hands of the enemy. The rams *Queen of the West* and *Webb* attacked her They rammed her until she surrendered—all of which can be traced to non compliance with my orders The closing hours of Congress are marked with very important action on foreign policy. The bill locating a branch mint at Carson City, N T, passed. The Senate remained in session until one o'clock The conscription bill only awaits the President's approval

NEW YORK, March 2 —A Murfreesboro letter says, "I learn, from authentic sources, that Bragg and Johnson made speeches to the rebel army and the peace party of the north west was the material on which they based their hopes of success, on the other hand I find, from a large number of Southern papers, that the rebels are beginning to lose faith in their allies of the north west"

NEW YORK, March 3 —U S Steamer *Alabama* left St. Thomas February 20 in search of the pirate *Florida* Dates from New Orleans to 23d Feb are received It is believed the rebels are converting the *Harriet Lane* into an iron clad gunboat An order has been issued by Banks forbidding the taking away of negroes from any of the plantations by any of the officers in the U S, service without authority from headquarters

NEW YORK, March 3d —A special dispatch says Gen. Sigel has resigned

MOBILE, Feb 28th —A correspondent of the Grenada *Appeal*, under date Vicksburg, 28th, says an enormous fleet appeared this morning and everything looked as though the enemy were about to commence the attack

FORTRESS MONROE, March 3 —Petersburg *Express* of Feb 28th says a great battle has been fought at Vicksburg with great losses on both sides and no decided success

MURFREESBORO, March 2 —The most brilliant affair, since the battle of Stone River, happened yesterday P M An expedition, consisting of 1,000 cavalry and 1,600 infantry, left Murfreesboro yesterday morning on the Bradyville pike and proceeded 15 miles without interruption. On approaching Bradyville the cavalry encountered the pickets of the enemy and after a slight skirmish drove them in, The remainder of our forces closed in and soon came on the enemy in force A brisk fight ensued, the cavalry charging with vigor. After a few minutes severe work we drove the enemy back to a thick woods where they made a desperate stand A second cavalry charge, supported by infantry, compelled them to retire again. Meanwhile a detachment of cavalry made a detour and came on a strong body of the enemy posted in camps to the right nearly a mile from the first line of defence, flanking them and making a forced saber attack. We finally forced them from this position At this juncture the enemy gave up the field and fled in dismay in the direction of Woodbury We captured eighty prisoners, killed and wounded a number and captured 300 new saddles with accoutrements complete, besides a large collection of official orders and papers

WASHINGTON, March 3 —The House passed Senate bill to indemnify the President for the suspension of the writ of *habeas corpus* The conscription bill has been approved by the President

NEW YORK, March 3 —Sterling exchange 188 gold 71

WASHINGTON, March 4 —The rebels under Van Dorn advanced toward Franklin yesterday, 2,500 strong, with artillery After manuevering a while hoping to draw our forces into an ambush, they turned back We captured two of Van Dorn's command His headquarters are now at Spring Hill, 11 miles south of Franklin No fears are entertained for the safety of this place

Reports were current here last week of a severe engagement and repulse at Vicksburg The Government is not even aware that there has been an engagement in that quarter

NEW YORK, March 4 —A Washington dispatch says that the President received dispatches announcing the capture of Fort McAllister, at the mouth of Great Ogeechee river near Savannah, by our iron clads The provision for the organization of African troops was stricken from the conscript bill before it passed the Senate This makes it probable that no negroes are to serve in the engineer corps Important developments says the *Herald's* dispatch, in regard to frauds committed in the Department of the Interior are promised to be made soon after the adjournment of Congress

A Hilton Head letter of the 26th of February says that troops were under orders to embark The next steamer will probably bring intelligence of an attack on Charleston

CHICAGO, March 4 —There is nothing further in regard to the report telegraphed to the Petersburg, Va, *Express*, of Saturday, of the fight at Vicksburg It was probably a canard as the dispatches to the papers of that date must of course have had reference to the fight if any, the day before and the dispatch from Commodore Porter, announcing the capture of the *Indianola*, was dated February 27th and it is fair to presume that if anything had occurred, he would have made some mention of it.

MURFREESBORO, March 3d —A foraging train under the protection of the 10th Wisconsin, 8th Indiana, and 13th regulars was attacked yesterday, 2 miles from Nagleysville by the enemy's cavalry 500 strong An irregular fight ensued which lasted for an hour and resulted in the rebels being driven beyond Cedar Woods They had 5 men killed 12 wounded and two prisoners were taken Our loss is 2 men slightly wounded

CAIRO, March 4 —The Memphis *Bulletin* of Saturday says We have a report which is confidently believed by well informed men that the rebels are evacuating Vicksburg Ha gunboat *Chillicothe* and others are reported as having reached the Tallahatchie river by way of Yazoo pass

WASHINGTON, March 4 —Both Houses and Senate remained in session until after midnight the concurrent resolutions on mediation and intervention, of which mention was made in those dispatches on Sunday passed both Houses The bill establishing a branch mint in Nevada Territory passed the Senate Latham introduced a resolution, which was adopted, requesting the Secretary of the Treasury to inform the Senate at the next session what steps had been taken to investigate frauds in the Custom House and Mint at San Francisco The bill organizing the Territory of Montana changing the name to Idaho, and changing the boundary line passed The bill for the admission of Colorado and Nevada Territories as States was also passed The House concurred in the Senate amendments to the bill establishing a Territorial Government for Idaho The House refused to suspend the rules to consider the bill amendatory to the Pacific Railroad Act, two thirds being necessary

Late New Orleans advices say that the levee below Baton Rouge, Ot hales parish, has been made safe against an overflow Rebel deserters report that Gen Sibley had gone with a large force to Atchafalaya river The rebels had made an unsuccessful attempt to capture the steamer *Laurel Hill* loaded with cotton, sugar and molasses, obtained above Baton Rouge

California News.

SACRAMENTO, March 3 —The Senate passed acts exempting from taxation certain property of the Pioneer Association of San Francisco The Assembly resolution discharging the joint committee on the investigation of greenback payments was adopted, so the House pursues the investigation An act to lend the credit of the State in amount of three million dollars to a railroad to Oregon was indefinitely postponed

In the Assembly the committee on military affairs reported in favor of the bill to provide for taking the vote of our volunteer soldiery The committee on ways and means recommended the indefinite postponement of the bill making Legal Tenders receivable for State taxes Whipple introduced an act to repeal the law providing for apprenticing Indians

SAN FRANCISCO, March 3 —Three houses on Stevenson street were burned this morning Louis Barrow was run over and severely injured, by San Francisco Hook & Ladder C Five hundred thousand dollars worth of assorted revenue stamps came by the *Golden Age* and are being distributed The Sub Treasurer also received $500,000 Legal Tenders, by the same steamer and they are quoted at 58@60c A frame building on O'Farrel street fell this afternoon Six females were in the house but escaped uninjured—one man injured severely

The MORNING OREGONIAN has a larger SUBSCRIPTION LIST than any other Daily published in this City.

Legal Tender Notes this Day—53 cents.

A fire alarm was created about half past eight o'clock last evening. The "fire b'hoys" were up to time, from 1's to 4's inclusive, and after embellishing "their masheens" with the contents of sundry mudholes, found it was only a false alarm occasioned by the burning of some stumps in the suburbs.

The Clerk of School District No 1, (Portland) Multnomah County, reports as follows: No. of legal voters in the District paying school taxes, 581. No of male children over four and under twenty years of age, 507. No females of same age, 523. Total 1030.

DEPARTURE.—The Steamer Sierra Nevada is advertised to leave Portland on Thursday next.

We have received Victoria papers up to the 5th of this month. They contain no news of importance.

NEW ADVERTISEMENTS.—In their appropriate column will be found several new advertisements, to which we call attention. A well conducted Intelligence Office in this place is very desirable, and we believe Messrs Parrish & Co. will give satisfaction to all who may require services in their line. Billiard players will find chance for a cheap bargain with Messrs Haas Brothers. The signers of a petition for the organization of a militia company are requested to meet at the Court House on Saturday, 21st inst. $10 reward—speaks for itself.

The *Statesman* of this week announces a change of conductors. Messrs. C P Crandall and E. M. Waite are its present managers, the former having the editorial control of its columns. Both of these gentlemen have experience and intelligence sufficient to make their paper a credit to themselves and an honor to the craft. We trust they will meet with all the success they anticipate, and above all fight with earnest energy the good fight of patriotism, against all the foes of the Union.

Prominent Union men of the West and the Southwest are importuning the President for the removal of John S. Phelps, the Military Governor of Arkansas. It is alleged against him that he uses his official power to thwart the purposes of the Emancipation Proclamation.

One of the first and most important things for a stranger to attend to when in San Francisco is, to find a respectable store where he can purchase clothing of best quality and make, at a reasonable price. Such will save both time and money, besides being sure to get a good durable article, by going immediately to the mammoth store of Heuston, Hastings & Co., clothiers and outfitters, Lick House, Montgomery street, corner Sutter, where the best stock of clothing in the city is always to be found.

Multnomah No. 2.—Special Meeting this evening at 7½ o'clock. Full attendance is requested.

BEN L NORDEN, Sec'y

An Incontrovertible Fact.—A medicine [illegible] and skillfully compounded, which makes no undue pretensions, and is recommended by citizens of the highest respectability, deserves the patronage of the public. Such a medicine is DR HALL'S BALSAM, a cure for CONSUMPTION in all its different stages.

The Proprietors are well known to the whole community for their fair dealing in the [illegible] of their other first-class Markets—the Empire on Washington street and the Franklin on Taylor street.

Storage.—THE FIRE-PROOF STONE WAREHOUSE, opposite Umatilla House, is the only building, not made of wood, at the Dalles, where goods are taken on STORAGE. All other houses that take goods on storage are wooden buildings and in exposed parts of the town liable to the risk of fire. The subscriber assures his patrons that his charges are but $1 50 per ton per month storage; and although storage in wooden buildings is $1 00 per ton, yet the public cannot fail to perceive the advantages the subscriber possesses over other warehouses of this place.

Coughs.—The sudden changes of our climate are sources of PULMONARY, BRONCHIAL and ASTHMATIC AFFECTIONS. Experience having proved that simple remedies often act speedily and certainly when taken in the early stages of the disease, recourse should at once be had to "Brown's Bronchial Troches," or Lozenges, let the Cold, Cough, or Irritation of the Throat be ever so slight, as by this precaution a more serious attack may be effectually warded off. PUBLIC SPEAKERS and SINGERS will find them effectual for clearing and strengthening the voice. See advertisement. dec16d&w3m

White's Fever and Ague Drops—For the cure of AGUE, PANAMA FEVER, NEURALGIA and GENERAL DEBILITY.

This medicine has been used in private practice for many years with great success. Indeed in no instance has it failed to effect a speedy cure of Ague, especially, no bottle having been found sufficient in most cases and in none are more than two bottles required.

A great number of testimonials could be given to verify these statements, but the proprietor prefers relying upon the merits of the medicine alone. A cure is guaranteed in nine cases out of ten.

Prepared only by ROBERT WHITE, Chemist and Druggist, Main street, Placerville, and Broadway, Upper Placerville. For sale by all respectable Druggists throughout the State.

No Compromise with Disease

[illegible] nature will [illegible] itself [illegible] the stomach, liver, heart, kidneys [illegible] active by ELECTRICAL [illegible] the nerves [illegible]

To the Ladies of California.

Dr Van Zandt [illegible] Ladies can consult him [illegible] the peculiar province of the [illegible]

Baffled the Skill of Physicians.

Nervous [illegible] head [illegible] the sinking at the stomach, wandering pains, wasting away of strength [illegible] the rough sleep, unpleasant dreams and that general depression [illegible] to render her life a misery [illegible] Dr Van Zandt with his new method of [illegible] the Electro-Galvanic current, together with his remedial agents which are adapted to the necessities of California, will insure you a complete and radical recovery of all bodily and mental infirmities, and will restore you to usefulness, and spare you a blessing to your family and society.

All the world over

wherever disease exists, whether general [illegible] epidemic or casual acute or chronic [illegible] contagious—it is as necessary to restore the ELECTRO-GALVANIC equilibrium, especially in California, as it is to give food to the starving. This statement is based upon a series of facts extending through many years and [illegible] hundreds of patients, so that no principle of science, no rule of experience, no result of any well known [illegible] rests upon more sure and unassailable foundations than those which underlie the world wide reputation of Electricity for the cure of all nervous states of the body, faulty digestion, mental and physical debility of prostration [illegible] wandering pains of a rheumatic, gouty or mercurial character and all forms of disease [illegible] habit of body.

None Need Despair of Relief.

If you have ulcers which will not heal—pains that cannot be removed—melancholy which you cannot shake off—loss of power which you cannot regain—depression of spirits which weigh you down—wakefulness that knows no sleeping—[illegible] that languishes for want of energy—a void which no society can fill—suspicion which no assurance can allay—go to Dr Van Zandt, for his great success and the safety with which he administers his new method of electrical excitation, together with his remedies which are adapted to the requirements of climate and constitution will secure a complete and radical removal of all [illegible] mental infirmities within the scope of science and man to remove.

The Eye and Ear Diseases.

It must not be forgotten by the eye and ear sufferers that Dr Van Zandt has made these afflictions an especial study, and that he is the only surgeon in our State who has a diploma for that branch of practice. Very many of the eye and ear troubles are purely deranged nervous action, and are cured by his electro-galvanic battery—as amaurosis, squinting, [illegible] floating specks before the vision, twitching of the eyelids, nervous deafness, roaring and buzzing noises in the ears, giddiness, etc. All operations successfully done on those delicate organs of sense.

Is composed entirely of healing gums, and vegetable oils and herbs. It is perfectly safe for the most delicate to use. I can most sincerely say that I have never known any, however delicate, to be injured by it in the least. I will continue to ask the afflicted who have not used it, to try it for the following diseases. If they are not satisfied with its healing properties, the money will be cheerfully returned by the agent where the medicine is for sale.

If you have pain in the stomach or bowels, try a dose of Pain Panacea internally, bathe externally over the parts affected, and you will at once restore the proper action and relieve the pain.

If you have a Bruise or Wound, bathe it well with the Pain Panacea four times a day. It will relieve the pain, and take out all the poison, and heal the wound in a short time.

If you are suffering from Neuralgia or Rheumatic Pains, apply the Pain Panacea freely, and take a dose of it internally, morning, noon and night, it will not only cure the pain, but will remove the cause of the disease.

If you have the Dyspepsia, and your food distresses your stomach after eating, take a dose of Pain Panacea after each meal.

If you have a Cankered or Sore Mouth or Throat, apply the Pain Panacea, to the affected parts, and gargle the mouth or throat three or four times a day.

A STORY OF THE SEA.—We are indebted to Capt. Sisson, recently returned to New London, from a whaling voyage, for the following touching narrative

On the voyage home, that awful scourge, the ship fever broke out The carpenter of the ship, who happened to have his little son on board at the time was one of the first victims His shipmates sadly enclosed his body in a hammock, and we having read over the burial service and attached to his feet a grindstone, for the purpose of sinking it committed it to the deep. The poor little boy, perfectly overcome at the loss of his natural protector, sprang overboard, and before he could be rescued, was beyond the reach of human aid

We noticed, on the following day, a large shark in the wake of the ship Having procured a hook and attached a chain and line, we cast it overboard and soon had the exciting pleasure of hooking the monster, and with the aid of our windlass we hauled the writhing mass on board We soon dispatched it As it lay in its death struggle the sailors said they heard a very singular rumbling noise, which seemed to proceed from the belly of the captive.

Taking the ship's axe we cut our way into the dead fish, and to our astonishment we ascertained it had swallowed *the carpenter, the grindstone and the boy!* but the former, who had only fainted, had actually rigged up the grindstone in the monster's belly and with the assistance of his boy to turn it, was in the act of grinding his jack knife to *cut his way out!*—*N. Y. Atlas.*

WASHINGTON.—Just at this time the following extract from Washington's Farewell Address has a full significance

"It is of infinite moment, that you should properly estimate the immense value of your national Union, to your collective and individual happiness; that you should cherish a cordial, habitual and immovable attachment to it. accustoming yourselves to think and speak of it as of the palladium of your political safety and prosperity, watching for its preservation with jealous anxiety, discountenancing even a suspicion that it can in any event be abandoned, and indignantly frowning upon the first attempt to alienate any portion of our country from the rest, to enfeeble the sacred ties which now link together the various parts All obstructions to the execution of the laws, all combinations and associations, under whatever plausible character, with the real character direct, control, counteract, or awe the regular deliberation and action of the constituted authorities, are destructive to this fundamental principle, and of fatal tendency"

NEW ENGLAND.—An exchange, a loyal Union Democratic paper, referring to the vilification and abuse of New England, says in a month or two the cry away with New England—the relics of Samuel Adams, for whose head the British Government offered a reward. John Adams, who said, "sink or swim, survive or perish, I am for the Declaration of Independence;" Hancock, Otis, Putnam, Stark, Warren, and others known to honorable fame, with the fields of "Concord, Lexington and Bunker Hill"—will be more boldly advanced. Mr. Cox says that New England sentiment is Union-breaking. The falsity of the remark is proven by our present army record. This constant abuse of loyal New England is second-hand—it was made many years ago by a South Carolinian, and was sent to the grave by the great, and in memory, ever living Webster. But demagogues will croak

PROMPT DISMISSAL OF A "COPPERHEAD."—A general order from Gen. Rosekrans, dated Jan. 17th, reads as follows:

Second Lieutenant Jesse Ball, Company I, Eighty-eighth Illinois Volunteers, is dishonorably dismissed the service of the Army of the United States for accompanying his tender of resignation with so despicable a reason as that he is tired of the service and is opposed to the proclamation of the President of the United States. The General commanding is glad to rid officers of this army of fellowship with such a character.

A laboring man and his wife were overheard in violent altercation in the street. The man was drunk, but he had arrived at the lachrymose stage of inebriety, and was sobbing piteously. "What's the matter?" querulously asked his wife.

"I—I—I'm so unhappy," blubbered the husband.

"Unhappy!" the lady repeated, with a profound expression of contempt. "Unhappy! You were drunk on Sunday, you were drunk on Monday, you're drunk now, and you aint happy! What more do you want? *Do you want to be a hangel!*"

ATTEMPTS AT ASSASSINATION.—Gov. Morton of Indiana, it is said, has received many letters warning him of plans to assassinate him The correspondent of the Cincinnati *Commercial* states that one was in a female handwriting and purported to be written by the wife of a man engaged in the plot. It contained a correct plan of the Governor's house, and of the room in which he slept, with all the approaches to it. The writer said her husband had been led into the matter by wicked men, and she wanted to frustrate the design, to save him from its consequences

CURIOUS INCIDENT.—The Yreka *Journal* relates the following.

John Eldridge of this county, during the war in Mexico in 1847, received a bullet in the outside edge of the left eye, which he supposed had glanced off About two weeks ago, he was in the act of sneezing, when the ball dropped through the roof of his mouth No marks or signs where the bullet remained can be observed. The ball is an ordinary rifle ball, and is somewhat bruised on one side.

DOES NOT APPROVE IT.—It It is not generally borne in mind that Congress has it in its power at any time to rescind any law passed by a Territorial Legislature, yet such is the case. An evening paper says that Congress has just exercised this power, that a private dispatch received in this city says the Nevada Territory incorporation law has been repealed by Congress

WANTED SATISFACTION.—A girl soldier has been discovered in the camp of the Tenth Ohio Cavalry at Cleveland She gave her name as Henrietta Spencer, said her home was in Oberlin, and that she enlisted to avenge a father and brother who fell in the battle of Murfreesboro.

If Henry Ward Beecher did say it, there's some truth in the remark—"If any man is ashamed of New England, let him be assured that New England had occasion first to be ashamed of him."

A lady, in speaking of the gathering of lawyers to dedicate a new court house, said she supposed they had gone "to view the ground where they must shortly *lie*"

Mrs. Partington is of opinion that Mount Vesuvius should take sarsaparilla to cure itself of eruptions The old lady thinks it has been vomiting so long nothing else would stay on its stomach

A poetic young man, in describing the movements of a lot of gold fish, says "They flashed and darted about like bright hopes through a lover's brain."

Proclamation by the Governor.

EXECUTIVE OFFICE, PORTLAND, OREGON,
January 6 1863

By the President of the United States through Brigadier General George Wright commanding the Department of the Pacific and Brigadier General Benjamin Alvord commanding the District of Oregon, I have been requested to raise six additional companies required to complete the 1st Regiment of Cavalry, Oregon Volunteers. They will be needed the coming Spring on the frontiers of this State and Washington Territory, and for an expedition against the Snake Indians, who have so long been mercilessly engaged in robbing emigrants and murdering our fellow citizens I cannot doubt that the citizens of Oregon, who have always promptly responded to any demand for their military services will in like manner respond to this call thereby showing their loyalty to the Government and aiding in chastising marauding bands of Indians which infest our frontiers

The enlisted men, when mounted, will be supplied with horses by the United States it being understood that they will be mounted or not, as shall be deemed advisable by the Government

Propositions to raise a whole company which will furnish their own horses and horse equipments, may be entertained The men are in such cases entitled to forty cents a day for the use and risk of their horses and horse equipments

Each company will consist of one hundred enlisted men, and when mustered into the service of the United States to serve for three years, unless sooner discharged

Recruiting offices will be immediately opened at Portland, Dalles City, and perhaps at other places By the Governor,
ADDISON C GIBBS

CYRUS A REED Adjutant General
